Scope and Contents note

CMS.008C documents the activities of the American Italian Historical Association/ Italian American Studies Association from 1967 to 2013 with an emphasis on the period between 1990 and 2013. The most notable development during that time was the change of name, which the membership voted on in October 2011 and which took effect in January 2012. The new name reflected the range of academic disciplines found among the members, a quality also noted in the organization's most important ongoing activity, its annual conference and the subsequent production of the conference proceedings. Of particular interest are the photographs, many from past president Frank J. Cavaoli, which allows researchers to put faces to names that frequently appear among the officers and the conference participants.

Arrangement note

CMS.008C is arranged into six series: I. Frank J. Cavaoli Papers II. Publications III. Financials IV. Papers V. Digital VI. Photographs VII. Audiotape VIII. Addendum 2014

The Publications are divided into four sub-series A. An incomplete run of proceedings from the organization's annual conferences B. The organization's newsletters C. Calendars created by the organization's Long Island Chapter D. Membership directories
